

Arthur Bell—Teacher Alumni

Westview Centennial Teacher Alumni: Frederick Arthur Bell

A native Torontonion, A.F. Bell graduated Lawrence Park C.I. He served two years in the Royal Canadian Navy before enrolling at the University of Toronto.

He graduated in 1949 with a B.P.H.E. (Bachelor of Physical and Health Education).

While at the U of T, he played senior hockey and intermediate hockey, football, basketball and lacrosse.

In 1950 he graduated from the OCE (Ontario Centres of Excellence).

He initially taught at Lindsay Collegiate Institute and, in 1951, Weston Collegiate.

He held various senior positions with the North York Board of Education, including Vice Principal at C.W. Jefferys and, of course, Principal at Westview.

Seven New Teachers On Staff Of Collegiate-Vocational School

Seven new teachers have been added to the staff of Weston Collegiate and vocational school this fall, six being replacements for teachers who either retired or left for other schools last June.

W. G. Stone, B.A., M.Sc., a teacher of geography and science, was born in Parry Sound and educated there and at North Bay. He taught public school in Nipissing District and North Bay for seven years. He enlisted in 1941 as a radar technician with the RCAF. He enrolled in September, 1945, at University of Western Ontario under the Department of Veterans Affairs, and received a B.A. in general science in 1947 and a Master of Science degree in 1949. He taught for two years at Fort William Collegiate Institute before coming to Weston. He was vice-chairman of the Town Planning Board at Fort William last year.

Miss Stella McCord was born in Clarkson, attended Clarkson Public School, and finished public school and high school in Barrie. She graduated from the School of Physical and Health Education at the University of Toronto in 1950 and from the Ontario College of Education in 1951.

Mr. Arthur Bell is a native of Toronto and attended Lawrence Park Collegiate Institute. He served in the Royal Canadian Navy for two and a half years. He graduated from the University of Toronto in 1949 and from OCE in 1950, having played four years intermediate intercollegiate football and two years senior intercollegiate hockey.

He taught last year at Lindsay Collegiate Institute.

Mr. John Elliott, born in Oshawa, attended Oshawa schools, and graduated from the School of Physical Health Education at the University of Toronto in 1950, and also has teachers' certificates in science and social studies.

Mr. Fred Thomas, born in Toronto served in the navy during the last war. He taught at Ryerson Institute for two years in connection with the rehabilitation of ex-servicemen in the auto mechanics trade and then for a year at the Ottawa Technical School.

Mr. Jack E. Hoey, who was awarded the OBE during the last war for outstanding devotion to duty as a gunnery officer with the navy, comes from Hamilton. He taught for a year with the Department of Veterans Affairs at Hamilton and for two years with the Department of Labour. He won his award for being 82 hours continuously on the job of moving and refitting two big guns at the conclusion of a particularly rough convoy job. He is a teacher of drafting.

Mr. Jack Lethbridge, a teacher of machine shop and drafting, was born in Midland but moved to Toronto at an early age. He is no stranger to Weston, having lived here in 1921. His industrial experience covers eight years with different concerns in Toronto. His teaching career includes a number of years at Kirkland Lake and the two years at Ryerson Institute from 1949-1951 where he was senior instructor of the machine shop division.

Construction delay crowds Westview CI

by Bill Waicus

Westview Centennial, in its third year of operation, has changed and grown since the fall of 1967. Enrolment has soared to 1200, with a teaching staff of 85. Accommodation, as elsewhere, has become a problem mainly in time scheduling and general day to day classwork. The ultra-modern addition to the school, which would have absorbed the increase, has been lost temporarily in construction strikes and monetary difficulties.

Nevertheless we had a smooth opening, this year under A.F. Bell, our new principal. A normal school day now begins at 8:30 am, with ten 38 minute periods, dismissing at 3:19 pm.

This summer didn't find our new council executive sleeping. Council President, Gordon McKay, announced on the first day back that a fifty cent increase in council fees would be necessary (inflation I suspect). "Hellebore," held after school during the past three days, was a get together

designed to allow staff and students a chance to "friendly-up" over doughnuts and cold drinks. The school responded well to make it the council's first success of the year.

The Westview-Commerce School Bank, first of its kind in Canada, is again returning under the operation of our "student bankers" from the Commercial Dep't.

The Westview Concert Band was among the headliners at this year's "Binder Twine Festival" in Kleinburg held last Saturday. A playing tour of Europe next year seems at this time to be gaining acceptance.

The "Out-of-School" education program is receiving unprecedented emphasis this year. The program last year saw nearly every student involved in some aspect of local community studies or overnight excursions. Westview has set the pace among secondary schools throughout Ontario in this field of "total involvement" education.

By BILL GERRY

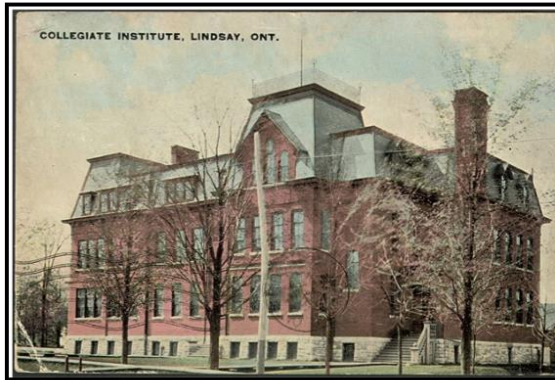

Provincial Judge Tinker was convinced that Russel Kosta, 26, a Pickering car salesman, fully intended to steal a pair of sun glasses. The judge levied a fine of \$100.00 against the accused after a charge of theft under \$50.00 had been read to the court. Evidence was given that Kosta removed the price

St. and Maple Leaf Dr. Thinking Musgrove wanted directions the witness approached the car and saw the 22-year-old man exposing himself. Terms of probation given to the Wilson Ave man are that he receive psychiatric treatment in a Toronto Hospital.
